PROJECT TITLE

THE JEWISH ROUTE IN CALABRIA AND EUROPE ON THE TRAIN OF REMEMBRANCE

WORPLAN

1. CREATION OF A BLOG
2. THE NAME FOR THE CHILDREN AT WORK AND THE BLOG IS

GOCCIA DOPO GOCCIA

A DROP AFTER ANOTHER

inspired by an Italian song <https://youtu.be/BQbCkm344ys>

The idea is of spreading the word like in a human assembly line, in which students and parents, friends and Eu people exchange opinions, share, on a digital train of REMEBRANCE, common values: as

- Friendship
- Peace
- Solidarity
- Devolp listening skills
- Accept diversities, as diversity is the one thing we all have in common. According to my friend Nava Semel's words <https://youtu.be/GDXYBAhdkeM>
 " human beings are diverse: one believes in Christ, one believes in Hallah; one has a black skin, one has a yellow skin; one has a different kind of eyes; but we all share the same experience. We are like an orchestra; one is the violin, one is the drum, one is the piano; but we play the same music. "

Italian students have created an open group where parents have a big role in reading and interpreting the books with their sons, they have created the circle line of REMEMBRANCE to pass from one class to the other during our monthly conference....

I hope our European friends will do something similar or better than this, if they want to change the form we are open to any suggestion.

Our priority is to PASS what is was for preventing it to happen again... like a drop after another a single drop will create a sea and the sea will turn into an ocean of TOLERANCE.
